

ESSEX SERIES

Interior Lights with Torus™ Technology

- Torus LED technology provides an exceptionally bright straight-on and off-angle signal
- New flared visor allows a much greater off-angle light signal, particularly useful when approaching intersections
- New locking swivel feature allows universal mounting to fit to the curve of any windshield
- Compact size means a small footprint

Design Features:

- 2 Sizes Available: Single and Dual Head
- Split Colors: Red/Blue, Blue/White*, Blue/Amber*, Red/Amber*, Red/White, and Amber/White*
- 27 User Selectable Flash Patterns for Single Head, 53 for Dual
- 5-year Warranty on LEDs

* Call for Availability
