

UNIVERSAL WIDE BODY CONSOLE

Troy Product's Universal Wide Body Console with open storage can be used on large SUVs and trucks with column shifters. This console model has a fully open storage compartment along the full length of the passenger side of the console. It's an ideal place for storing three-ring binders, clip boards, map books, files, etc.

The Universal Wide Body Console has an 8" sloped face. The flat surface comes in your choice of 12", 17" or 22" level.

Pictures show the 25" console in a Dodge Ram, File Box sold Separately

Can be used in any large truck
~ Dodge Ram, Chevy Silverado, Ford Expedition, Ford HD trucks ~
Faceplates mount on driver side of console
Open storage along entire length on passenger side of console
For an extra charge, custom plates can be designed for open storage area
Console made from 11 ga. CRS. Strong enough for computer mounts.
