

TROY PRODUCTS CHARGER SIDE AIRBAG PARTITION

Most Impenetrable, Officer-Safe Design on the Market

TP-SB1US-SS IN DODGE CHARGER

ROOM FOR 6'1" DETAINEE IN CHARGER

PLENTY OF SPACE FOR DRIVER

VIEW OF CAGE FROM INSIDE CHARGER

Troy's side-curtain airbag partition has been tested by a certified firm to confirm successful airbag deployment. See website home page to view airbag test video!

Upper side panels bolt to partition and to B pillar cover to prevent detainee from reaching officer.

Unique two-ply solution has one wing of .25" polycarbonate and one wing of .016" vinyl for additional protection.

Customers say: *"It's the most officer-safe side-airbag partition available!"*

Partitions available in several window styles and in flat and recessed panel designs for gun mounts. The US size partition transfers to Crown Vic, Police Interceptor Sedan and UV, Explorer, Caprice (flat only) and Impala.
