**PASSENGER-SIDE FLIP-DOWN TRAY**

TROY offers a variety of products for installation into the Dodge Charger trunk.

The trunk organizer features a lidded lockable compartment for storing weapons. It is a 3-piece Design. Part No. AC-CHG-MCTO.

The sliding full-size tray is designed to be installed without cutting into carpeted walls. The bracket is height adjustable with settings at 6", 9" and 12" from trunk roof. Part No. AC-TRAY-38

The half-size tray, AC-TRAY-CH50, also is height adjustable. The bracket is designed to be installed every inch between 6" and 12" from trunk roof.

Equipment also can be installed on TROY's driver- and passenger-side hinged trays. You can buy just one side or both. They each will clear the trays when flipped down to access equipment.

Please call customer service for any questions you have about Charger trunk products.
