

# Duty/Personal-Size Dual-Light Rechargeable - Multi-Function

MODEL: BANSR-99X4XL

When you need to use a flashlight you need one that works... one that will really light things up so that you can see. You don't want a meager little beam the size of a frog. No, you want a bright flashlight that will reach out over 900'. You want a light that you can use... one that can be dropped and handles water. And if this flashlight happened to be rechargeable and allowed you the ability to see the ground at your feet while also illuminating a target way in front of you? Perfection. Is this a light for only your dreams? No, it is not. From out of your dreams and into your hands comes Bayco's Xtreme Lumens Multifunction Duallight Flashlight.
