- 5-Year Warranty

### Options

- Plug-in Microphone or hard wired version
- Siren only version available

## U-BRACKET COMPUTER MOUNT

TRCM-UMNT

The Troy U-shaped computer mount straddles any TROY standard-width 8 7/8" console with parallel walls where the U mount is bolted in place. A swing arm is bolted to the U mount that locks positive every 30°. The arm supports a tilt and swivel laptop tray to complete the assembly.

NOTE: Troy offers a shorter U-shape bracket to work around the speaker holes in certain console models. Call us to discuss this option.

- U bracket made from 11 ga. steel
- Bracket straddles most Troy consoles (console model must have parallel walls)
- Tray accommodates laptops 11.75-17" wide
- U bracket is height adjustable
- Compact and sturdy mount design
- Gusseted & welded design assures strength & stability

## UPGRADE TO THE SLIDING SWING ARM OPTION

TRCM-UMNT-SL-LT17

In addition to the above features and specifications for the standard Computer Mount, the Sliding Swing Arm Computer Mount slides out an additional 8". This gives you an overall maximum reach of 17".

- The arm will lock positive anywhere along the length of travel.
- Arm slides 8" for a maximum reach of 17"

COMPUTER MOUNTS WILL ACCOMMODATE STANDARD COMPUTER TRAYS OR DOCKING STATIONS WITH ELECTRONICS (ADDITIONAL PARTS MAY BE REQUIRED). CHECK OUR WEBSITE

## SETINA LED PUSHBUMPERS

SEPBA50L

Looking to add some extra lighting power to your grill area? Look no further than Setina's lighted PB450L pushbumpers. With your choice of two or four LED modules per pushbumper set, you will be seen!

- Integrated Front LED Warning Lights, Recessed into Push Bumper, For Vehicle Front End Lighting Placement and Light Protection
- Optional Side Mounted LED Warning Lights = Maximum Intersection Visibility
- Completely Factory Pre-Assembled and Wired for Quick, Easy Installation
- Wiring is Protected Within Push Bumper Assembly
- Easy to replace damaged modules. LED modules warrantied through Setina.
- High-Strength, Aircraft Grade Aluminum Push Bumpers, 40% Lighter for Better Fuel Economy and Front End Weight Limitations
- Provides Increased Protection to Fender, Grille, Headlights
- Available With Optional PB5 Fender Protector Wraps
- Available for Most Vehicles
- Call to discuss pricing and to order.

Dropshipped from the factory. Allow approx 4 weeks for delivery.

## T-RAIL DOUBLE VERTICAL XL WEAPON SYSTEM

SEGK10301S1USSCA

Setina's Dual Vertical XL Weapon System is designed to offer quick and easy access to your longguns. The Weapon System can be installed on either a flat partition or on a recessed panel partition (recommended).

The Universal XL lock has an additional 3.5" (vs the Universal lock) to accommodate Forearm Rail Systems. The thick, stainless steel ratchet holds your firearm firmly in place, however your weapon only comes in contact with the Universal XL's soft rubber barrier, creating a secure yet rattle-free design.

Includes one standard shotgun lock and one adjustable universal XL lock (both with key override) and a 10 second timer. Rugged powder coat finish. Shown with recessed partition and lower extension panel -- sold separately. Other weapon systems available -- please call for pricing.

*Dropped from the factory. Allow approx 4 weeks for delivery.*

## SUPERVISOR U INTERIOR LIGHTBAR

PSSVU

Code 3's Universal Supervisor is designed to fit most vehicles. The undercover light bar comes with a selection of mounting brackets so you can easily move the Supervisor U from one vehicle to another without having to order new mounting hardware.

- Universal version of Code 3's front windshield interior light - One size fits all (or almost all) vehicles
- Cutting-edge design allows the Supervisor U to be maneuvered from one vehicle to another in a matter of minutes!
- 2-part full windshield
- No drilling required for mounting
- "Low to no" flashback into the driver's eyes - adjustable side shield light-blocking plates block out flashback light
- Independent flashing Torus LED light heads go from stealth to a wealth of light in an instant
- The 2 optional takedown lights (additional \$) can be angled to desired position
- Can be wired to external flasher to flash takedown lights only
- Metal construction
- Draws less than 6 amps on average
- 12 VDC operation
- Reverse Polarity Protected
- 5-Year Warranty on LEDs

## M180 INTERSECTION/MIRROR/PUDDLE LIGHT

PSM180S-X

**NEW!**  
**\$87**

The NEW versatile M180 combines 3 lights into one: Intersection Light, a Takedown Light and a Puddle Light. What's a Puddle Light? It shines down to create a 5 foot diameter bright white ground light.

**3 distinct functions: 180° warning, Takedown and Puddle Light**

- These distinct functions can be operated individually or simultaneously
- Can be mounted anywhere an MR6 can
- Uses the same bezel and rear mounting holes as the MR6 light. Any brackets designed to fit the MR6 will also work with the M180
- **Includes** MR6 Multi-Mount Mounting Bracket
- **Optional (sold separately):** Vehicle specific mounting brackets for all Pursuit Vehicles - Under the side mirror, front of side mirror and side window mounting
- 29 Single Color Flash Patterns
- Will sync with Chase, MR6 and Mega Thin LEDs
- 0.9" H x 4.5" L x 1.5" W
- 12-24 VDC
- Single Color: 0.9 Amps @ 12 VDC
- SAE J845 and J595 Class 1, E/Reg. 65, R10, IP67, Meets Photometric Requirements for California Title 13
- -40°C to 77°C
- 5-Year Warranty

### Includes

(4) outer mounting bracket sets, (1) inner mounting bracket set, and a set of (4) slotted mounting brackets along with threaded fasteners, and (2) types of bracket washers to fill gaps if necessary

### Available for the following vehicles:

Ford PI Interceptor Sedan, Ford PI Interceptor SUV, Dodge Charger, Chrysler 300, Dodge Durango, Toyota Tundra, Chevy Cobalt, Chevy Tahoe, Dodge Challenger, Ford Explorer, Crown Vic, Dodge Ram Pickup, Toyota Prius, many more

## PASSENGER SIDE SUPERVISOR U

PSSV888U

This is the passenger-side only version of Code 3's Supervisor U LED interior lightbar. It has almost all of the same great features of the full size, but in a 1/2 size model.

### Benefits for Passenger Only Version

- Takedown light (option - add \$15) and up to (2) Warning lights can be adjusted/ aimed - No other internal lightbar has this capability!
- Intersection light gives coverage to the driver side.
- Universal (fits most) - If your vehicles change, you can still use the Passenger Side SuperVisor U simply by transferring it to another vehicle.
- No drilling required for mounting
- "Low to no" flashback into the driver's eyes - adjustable side shield light-blocking plates block out flashback light
- Latest LED technology - bright, efficient LEDs: Independent flashing Torus light heads go from stealth to a wealth of light in an instant
- Can be wired to external flasher to flash takedown lights only
- Metal construction
- Draws less than 6 amps on average
- 12 VDC operation
- Reverse Polarity Protected
- 5-Year Warranty on LEDs

*Includes (4) outer mounting brackets, (1) inner mounting bracket, and a set of (2) slotted mounting brackets along with threaded fasteners, and (2) types of bracket washers to fill gaps when necessary*

### Available for the following vehicles:

Dodge Durango, Crown Vic, Toyota Tundra Pickup, Chevy Cobalt, Chevy Impala, Ford PI Interceptor Sedan, Ford PI Interceptor SUV, Chevy Tahoe, Dodge Challenger, Dodge Charger, Ford Explorer, Ford F150, Dodge Ram Pickup (requires some installer modifications), Toyota Prius (requires drilling holes and other installer modifications), Chevy full size van, Ford full size van, Dodge Caravan, Nissan Quest, Ford F250

## 5000 SERIES ALUMINUM ROAD DEFENDER

GR5000

Go Rhino's 5000 Series Aluminum Road Defender work great at protecting the vehicle when moving objects out of the way or even in collisions. The aluminum push-bumper features the same strength and toughness as the original Road Defender, but it's lighter than ever at half the weight of the original!

- Fully welded one-piece construction with 1/4" thick aluminum uprights
- Upper cross bar made from 2" high-grade aluminum tubing
- Replaceable PVC trim
- Textured black powder coat finish
- Extruded cross-plate for easy mounting of lights or additional equipment
- Rust-free and corrosion-free
- Will not interfere with SRS air bag system
- Simple, no-drill installation
- 5 year warranty
