## 2012+ INTERCEPTOR SEDAN 18" CONSOLE

### TRCC-PI-L-18

This Ford Interceptor Sedan-specific console from Troy Products hugs the dashboard contours for a custom look.

- Accommodates at least two (2) long components
- 10" of faceplate mounting on slope, 8" of faceplate mounting on level area between seats
- More space for officer "hip room" and access to weapons mounted on partition
- OEM outlets easily re-located to console for customized look
- Console sides pre-punched with speaker grill holes
- Use TROY passenger-seat or console side computer mount for best reach, comfort (sold separately)

**Includes standard faceplates.** Beverage holders, DC outlet plates, armrests, etc are sold separately.

OTHER CONSOLES AVAILABLE - CHECK OUT OUR WEBSITE OR GIVE US A CALL

## Z3 SIREN, PA, SWITCHING SYSTEM

### PSZ3

The Z3 is designed to make your job safer, easier and less stressful!

- Different size and shape buttons quickly allow you to operate all the light and siren functions "eyes free"
- PA Microphone is officer adjustable
- PA stuck mic sensor automatically returns the siren to normal function should the microphone get stuck in PA mode
- Built in "Battery Voltage Check" Sensor shuts down lights and sirens when voltage runs below a programmed setting
- Sleep Mode Timer shuts lights and siren off after a specific preset time if the ignition is turned off
- Horn-ring transfer allows you to effortlessly scroll through siren functions on steering wheel without having to take your eyes off the road
- Built-in Park Kill to automatically turn lights and siren functions off when vehicle is put in park. Feature also designed for positive or ground inputs so that park kill can also be activated by other inputs

### Useability

- Control head is divided into 3 distinct operating zones
- Programmable 3-Level switch with a programmable 4th position
- 8 programmable auxiliary buttons (2 can be for positive or ground switching)
- 5 programmable siren buttons (program different tones for each one)
- ArrowStik functions can be programmed for different flash patterns and speeds for each direction, as well as the warning flash pattern itself
- Intuitive Configuration Software for any PC using Windows XP or Windows 7
- Configured siren is downloaded to the amplifier in seconds with USB cable
- Program can be saved and then downloaded to multiple amplifiers in minutes
- All connections to amplifier are plugs and connectors that snap in firmly
- All fusing is easily accessible for quick changes should one blow (control head gives visual indication of which fuse has blown)
- Control head connection is done with one data cable
- PA microphone is connected to control head itself and not amplifier (no long interface cable needed for the microphone anymore)
- Programming is stored in amplifier - NOT the control head (if control head goes bad simply attach another one and it will instantly work w/ existing amplifier)

### Specifications:

- Control Head: 6.80"L x 3.30"H x 1.07"D (Switch will increase depth dimension to 1.95"D)
- Amplifier: 9.75"L x 6.832"W x 3.936
- 3-Level Switch, 4 Outputs, 50 Amps Maximum Combined Total
- Auxiliary Switches A thru D: 5 Amps Maximum Each Aux
- Auxiliary Switches E thru H: 10 Amp Maximum Each Aux
- Total Siren Output Capacity: 200 Watts (can drive two 100 Watt speakers)
- Operating Voltage: 10-15 VDC (negative ground)
- Operating Temperature: -22F to +149F
- Meets SAEJ1849, California Title 13, 2004/104/EC when properly configured
- 5-Year Warranty
- Designed and Manufactured in St. Louis, Missouri USA
- Available Separately: Ford PI Sedan and Utility Steering Wheel Interface (SWIF) Module - call us for info and pricing

Troy Products' line of mobile computer mounting solutions incorporate design concepts that ensure strength and stability throughout the long life of the product while eliminating nuisance rocking, wobbling and vibration. Features such as lubrication-free heavy duty roller bearings provide unmatched smooth operation and long life. Even better is that Troy's computer mounts are shipped "assembled" to optimize your install time.

## PASSENGER SEAT MOUNTED COMPUTER MOUNT

### HVPKG-PSM-X41

Troy Product's passenger vehicle seat computer mounting solutions are vehicle specific and are available for a variety of vehicles. A seat-bolt bracket and side strut secure the mount into place using OEM hardware and mounting points. The outer square-tube post houses an inner square-tube insert that can be adjusted in height and secured into place with a hand lever. A tilt and swivel laptop tray that accommodates 11.75-17" W laptops completes the side mount assembly.

Shown with slide arm on the 18" Sedan console.

## UPGRADE TO THE SLIDING SWING ARM OPTION

### HVPKG-PSM-X41

In addition to the above features and specifications for the standard Computer Mount, the Sliding Swing Arm Computer Mount slides out an additional 8". This gives you an overall maximum reach of 17".

- The arm will lock positive anywhere along the length of travel. Arm slides 8" for a maximum reach of 17"

COMPUTER MOUNTS WILL ACCOMMODATE STANDARD COMPUTER TRAYS OR DOCKING STATIONS WITH ELECTRONICS (ADDITIONAL PARTS MAY BE REQUIRED). CHECK OUR WEBSITE

### Troy Products Note:

Items may be pictured with extra options and equipment which are not included in the price of the product. Be sure to read the item description to clarify what exactly you are purchasing. Contact us if you have any questions. Troy Products items are dropshipped directly from the factory. Please allow 30-45 days for delivery. If you have a deadline to meet please contact us before ordering to ensure that you receive your merchandise on time.

## DUAL GUN MOUNT FOR AR-15 & 870

### TRSG-DUAL-SGAR

Here's a nice upright dual gun mount for Remington 870s and AR-15s. Trigger guards are vinyl-dipped to protect weapons from scratches. Gun locks sold separately.

Allow 30-45 days for delivery.

## BODYGUARD 10-S SEDAN PARTITION

### SE10-SX

The Setina Bodyguard #10-S partition features a self locking horizontal sliding center section. Spring assisted window automatically opens partially when lock is depressed. This makes the opening and closing a one handed operation. 14 gauge steel lower section. Heavy-duty rollbar-type framework. Unique curved space saver design follows the contour of the seat for maximum driver and passenger leg room.

- 3-Piece Coated Scratch - Resistant Polycarbonate (Lexan) or Clear Uncoated Polycarbonate Window
  - Self Locking Horizontal Sliding Center Section
  - Rubber-Covered, Spring-Loaded Locking Assembly
  - Rubber Padded Vertical Window Support Bars
  - Steel Seat Back Protector Panel
  - Rugged Zinc-Free Powder Coat Finish
  - Requires Full Lower Extension Panel or Bucket Seat Adaptor Plate (Not Included)
- Dropshipped from the factory. Allow approx 4 weeks for delivery.*

### ADD A LOWER EXTENSION PANEL SELOWREXTPANEL

When using a Setina partition, don't leave the bottom part of the seats unprotected. Protect it with a Setina lower extension panel -- we strongly recommend it and so does the factory!

## PROSTRAINT INTERCEPTOR SEDAN PRISONER SEAT

### ADCARF1121020

Aedec Prostraint one piece ABS rear prisoner transport seat. Immobilizes prisoner's upper body and secures prisoner upright. Allows for easy clean-up and searching for contraband. Maximizes leg room. This 2012+ Ford Interceptor Sedan prisoner seat features the buckle in the center of the seat. Specify whether or not Interceptor has wiring channel.

*Dropshipped directly from the factory. Please allow 2 weeks for delivery.*

## BEHIND-THE-GRILL SPEAKER

### PSC3100XX

This is the speaker we recommend. It's a slim 100-watt behind the grill speaker that utilizes an American made driver. Speakers can be moved from vehicle to vehicle - simply change the mounting bracket as needed.

- 100W
- Field repairable
- Behind-the-grill mount
- High Efficiency
- Vehicle specific mounting brackets (some are an additional price)
- All C3100 speakers are now set up to work with the Banshee's Low Frequency (older speakers have to be sent in to the factory for this option)
- 5 Year Warranty on Driver
- Meets SAE J1849 & California Title 13 when used with Code 3 sirens

## PB100 BODYGUARD PUSH BUMPERS

### SEPBI1X0

Setina's original heavy duty push bumper has been revised to mount to the PB5 Pit Maneuver bumper. These push bumpers are engineered for police use. They are easy to install and transfer. The modular design of the PB100 makes transferring and replacing parts quick and easy. The lightweight, high strength aluminum version meets auto makers recommendations for front end weight limit.

- Available in aircraft grade aluminum or high strength steel
  - Rugged one piece loop (3/8 x 2.5 x 12") with replaceable mar resistant rubber push pads
  - 1/4 x 2.5" steel mounting brackets
  - 2 x 3" high strength unitized cross support system
  - Black powder coated finish
  - Works with the PB5
  - Your choice of 12" or 16" high loops
- Dropshipped from the factory. Allow approx 4 weeks for delivery.*

## SETINA LED PUSHBUMPERS

### SEPBA50L

Looking to add some extra lighting power to your grill area? Look no further than Setina's lighted PB450L pushbumpers. With your choice of two or four LED modules per pushbumper set, you will be seen!

- Integrated Front LED Warning Lights, Recessed into Push Bumper, For Vehicle Front End Lighting Placement and Light Protection
  - Optional Side Mounted LED Warning Lights = Maximum Intersection Visibility
  - Completely Factory Pre-Assembled and Wired for Quick, Easy Installation
  - Wiring is Protected Within Push Bumper Assembly
  - Easy to replace damaged modules. LED modules warrantied through Setina.
  - High-Strength, Aircraft Grade Aluminum Push Bumpers, 40% Lighter for Better Fuel Economy and Front End Weight Limitations
  - Provides Increased Protection to Fender, Grille, Headlights
  - Available With Optional PB5 Fender Protector Wraps
  - Available for Most Vehicles
  - Call to discuss pricing and to order.
- Dropshipped from the factory. Allow approx 4 weeks for delivery.*

## M180 INTERSECTION/MIRROR/PUDDLE LIGHT

### PSM180S-X

**NEW!**  
**\$87**

The NEW versatile M180 combines 3 lights into one: Intersection Light, a Takedown Light and a Puddle Light. What's a Puddle Light? It shines down to create a 5 foot diameter bright white ground light.

- **3 distinct functions: 180° warning, Takedown and Puddle Light** These distinct functions can be operated individually or simultaneously
- Can be mounted anywhere an MR6 can
- Uses the same bezel and rear mounting holes as the MR6 light. Any brackets designed to fit the MR6 will also work with the M180
- Includes MR6 Multi-Mount Mounting Bracket
- **Optional (sold separately):** Vehicle specific mounting brackets for all Pursuit Vehicles - Under the side mirror, front of side mirror and side window mounting
- 29 Single Color Flash Patterns
- Will sync with Chase, MR6 and Mega Thin LEDs
- 0.9" H x 4.5" L x 1.5" W
- 12-24 VDC
- Single Color: 0.9 Amps @ 12 VDC
- SAE J845 and J595 Class 1, E/Reg. 65, R10, IP67, Meets Photometric Requirements for California Title 13
- -40°C to 77°C
- 5-Year Warranty
