Looking for a bright permanent mount LED beacon? Here it is - the Code 3 LSS222 Amber LED Beacon. Two levels of unique LED reflectors provide a focused signal for superior brightness. The lens construction provides an excellent horizontal spread for high visibility. 39 flash patterns including 4 simulated rotating patterns offer a variety of options.

- Two levels of 8 LEDs each
- Clear polycarbonate lens with amber LEDs (other colors available - call)
- Provides 360 degrees of coverage
- Waterproof, shock resistant, potted circuit board
- Permanent mount
- 39 built-in user selectable flash patterns, including 4 simulated rotating patterns
- Synchronizes with the XT Series
- 4.57" H x 5.75" base diameter. Lens diameter: 4.29"
- 10-30 Volt DC, reverse polarity protected
- 0.85 amps average
- 5-year warranty
- SAE J845, Class 1
- California Title 13 compliant in red, blue and amber

Model: PSALS222CLA Permanent Mount \$140 Magnetic Mount \$145.70

Permanent Mount Qty Discount: 6+ \$3 off each

Rechargeable Dual-light LED Flashlight

The rechargeable Dual-light LED flashlight is a breakthrough in handheld lighting technology. It raises the bar of professional flashlight performance by offering simultaneous forward and downward lighting. This powerful light features Bayco's exclusive Dual-Light INNOVATION that combines a super bright downward-facing floodlight and a sharply focused flashlight beam in a compact package. Additionally, the head of the flashlight is designed to inhibit rolling when set down, and it has a standard switch near the head of the light as well as a second switch on the butt end. The extremely rugged construction, slip resistant grip and 9.2" length could enable an officer to use this light as a secondary defensive weapon. As back up to the rechargeable NiMH battery, you can utilize the included battery cartridge with 3 Lithium CR123 batteries (user supplied). This will give you an additional 2 hours run time.

Choose your mode!

Standard Flashlight (top pic): Super bright LED flashlight featuring 220 lumens of light for up to 5 hours.

Downward Floodlight (2nd from top pic): Downward projecting floodlight offers a clean white light for such activities as searching a crime or accident scene, inspecting drivers' licenses, etc.

Dual-Light (2nd from bottom pic): This unique feature enables you to project light in both a downward mode (floodlight) and in a traditional forward mode (flashlight). This feature would allow you to rapidly move through a darkened area without having to sweep the light up and down. This mode delivers a total of 300 lumens of light for 5 hours.

Strobe Light (bottom pic): The NSR-9914 also has a 220 lumens strobe mode. The strobe mode will last for up to 16 hours on a fresh charge, 7 additional hours may be obtained by using the cartridge with CR123 batteries.

Working Environment: Operating temperature range -22° F to 140° F

Physical Dimensions: Length: 9.2 inches, Body diameter 1.3 inches

** Limited Lifetime Warranty: Product is warranted to be free from defects in workmanship and materials for the lifetime of the original owner. Includes the housing, lenses, electronics and switches. Rechargeable batteries and chargers are warranted for a period of two years. Normal wear and abuse are excluded.*

WHAT'S INCLUDED: Dual Switch, Standard NiMH Battery, Mobile Charging Platform, Lithium Battery Cartridge, 12V DC Charging Cord, World AC Power Adapter

Model: BANSR-9910 Qty 1-3 \$129 4+ \$126

NightStick 2-in-1 Flashlight / Safety Light Series Flashlight

- Super bright LEDs have a 35,000 hour LED life
- 2 dedicated switches: #1 - Momentary or constant on 150 lumens flashlight, #2 - constant on or flashing 120 lumens colored LED safety light (60 LEDs - inset shows only the red LEDs on in a red/blue configuration)
- Runs on 4 premium AA alkaline batteries: 4 hours in flashlight mode, 16 hours in safety light mode
- Limited Lifetime warranty: Product is warranted to be free from defects in workmanship and materials for the lifetime of the original owner. Includes the housing, lenses, electronics and switches. Batteries, normal wear and abuse are excluded.

WHAT'S INCLUDED: Flashlight with Safety Light (red/blue for law enforcement only, all other colors for public), removable magnetic clip (for mounting on side of vehicle, etc.), lanyard ring (for belt carry), batteries.

Model: BANSP-1170 \$39.00

Add the base and cone for a handy flare substitute.

Model: BA1160-BASE \$6.95 Heavy Weighted Magnetic Base makes it possible to stand the light up on its own, or attach the light magnetically to any metal object.

Model: BA1260-RCONE \$3.95 Use Red Safety Cone for directing traffic or marking a hazardous area.

We invite you to compare Troy Products' quality and prices to anything on the market. They have a wide variety of products available from consoles to computer mounts to partitions to truck trays and organizers to window bars. Give us a call to discuss your mounting needs.
